

# NEW CAMSO ICE COBRA WT 150

## Traction on icy conditions

Based on the high-performance Cobra WT 1.5, the Camso ICE Cobra WT 150 comes with a factory pre-studded design for superior grip in icy conditions. Featuring thinner paddles, it reduces weight while improving traction in soft snow. A lightweight deep snow utility track that's always up to the job.

### TRACTION

### CONTROL

### EFFICIENCY

### Factory pre-studded

Improves traction and control on ice conditions

### Camso's unique 1.5"cupped-lug design

Provide exceptional performance off-trail

### Aggressive side profile

Increase traction on hard-packed snow
