

WE ARE HERE FOR YOU!

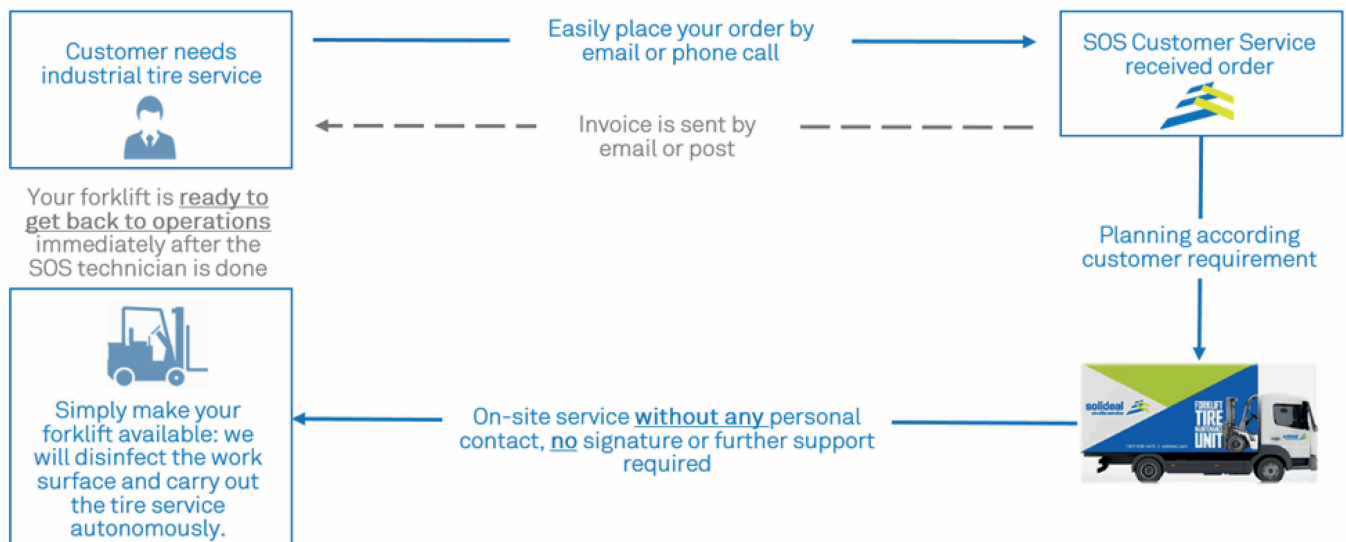

As we all deal with the COVID-19, please be assured that we remain dedicated to support all industries that need fast and efficient industrial service.

SAFETY THROUGH CONTACTLESS SERVICE

Contactless Full Forklift Tire Service

Given the current coronavirus crisis, we have adjusted our processes to keep offering a professional, smooth and safe tire service to our customers. No personal contact is required and the signing of order documents is suspended for the time being. Furthermore, our technicians are working under special hygiene measures. Among other preventive measures, work surfaces are now disinfected.

We're also enforcing contactless ordering and order processing in order to be able to keep your company running in the current situation!

**MAXIMUM

**ON-SITE
MOBILE UNIT**

Ready to keep you rolling

Select the solution that's right for your needs, and you get custom-made service at the best price per working hour. Our offer includes a timely response, fleet analysis, high-quality tire products and experienced technicians. And since we have the largest customer base in the industry, we're familiar with all types of industrial tire use.

Contactless Full Forklift Service

One less thing to worry about with our contactless full tire service: simply make your order via email or phone call. Just tell us when you would like our mobile service to come to you, ensure that you have your forklift ready at the agreed time, and we'll take care of the complete tire service. No further on-site support is required. The digital order processing rounds out our contactless and efficient process.

PERSONALIZED FORKLIFT TIRE SERVICE

Mobile

Wherever your tires and forklift are, Solideal on-site service will take care of you. With the largest global on-site fleet, we're sure to be nearby. Thanks to specially designed service trucks that double as mobile workshops, we offer the most convenient on-site forklift tire service around. Simply tell us when and where, and we'll take care of everything—no extra environmental support (power, space, etc.) required. Plus we deliver the best-in-class tire installation service.
